Scale of Miles

Note.—The positions of Kashgar and Yarkand are adapted from the Observations of the Chinese Geographers in the 18th Century. The position assigned to Khotan was determined in 1866 by Mr. W. H. Johnson of the G. T. Survey.

The British Boundary Line in this map includes the Territories of the Maharajah of Kashmir, which are under British protection. The Russian Boundary, between the meridians of 68° and 76° has not been indicated on the most recent Russian maps.

Hill Sketching by Capt. H. H. Godwin-Austen, & Photo-lithographed at the Office of Sup. C.T. Survey Dehra Doon.
